

# OYENN THE NAUGHTY CAT (OYENN)

---

## Official Whitepaper

### Introduction

Oyenn The Naughty Cat is not just a meme coin — it's a revolution born from chaos and crafted with precision. Launched with the spirit of fun but executed with serious tokenomics, Oyenn is a new force in the crypto world. It is Malaysia's proudest meme-based contribution to the BNB Chain, driven by transparency, integrity, and a loyal community.

### Liquidity & Trust Commitment

Oyenn's liquidity has been securely locked to ensure long-term investor confidence. Ownership has been renounced, and all tokenomics are verifiable on-chain. The team behind Oyenn is fully committed to ethical practices, clear communication, and community-driven growth.

## Supply Reduction Plan

Initially created with a massive novemdecillion-level supply, Oyenn has undergone a historic burn to finalize its total supply at 500 quadrillion tokens. Any unallocated tokens will be permanently burned, cementing Oyenn's legacy as one of the rarest and most honest meme coins on BNB Chain.

## Founder

Azlan Nakamoto, the same visionary behind BTCM and BTCMeMe, now brings Oyenn to life with a mission to create wealth, fun, and fairness in the meme coin space. Ethical, strategic, and community-first.

## Final Note

Oyenn is not a joke. It's the future king of meme coins. It's bold, massive, and unstoppable. Get ready to meow to the moon.
